

INFERNO MULTIGENRE PORTFOLIO

ENGLISH 10H/CP

WHAT IS MULTIGENRE WRITING?

Multigenre writing is a series of documents that are linked by a central premise, and offer multiple perspectives and interpretations of a text. You will tap into your knowledge of the text and your imagination to produce a project that demonstrates a sophisticated understanding of audience, various genres, and uses of language.

This is not a random collection of writing; rather, it is a well-planned work that guides the reader through a cohesive project. There should be a common thread throughout your genres.

DIRECTIONS

Choose 3 genres from the following list. (Only 1 from #13-17 is allowed.) Each genre is worth 30 points. You will present your project to the class on the due date.
