

# INFERNO MULTIMODAL PORTFOLIO

## ENGLISH 10H/CP

### WHAT IS MULTIMODAL WRITING?

Multimodal writing offers multiple perspectives and interpretations of a text. You will tap into your knowledge of the text and your imagination to produce a project that demonstrates a sophisticated understanding of audience, various genres, and uses of language.

This is not a random collection of writing; rather, it is a well-planned work that guides the reader through a cohesive project. There should be a common thread throughout your documents. Your documents should be linked by a central premise that connects them all.

### DIRECTIONS

Choose 4 genres from the following list. (Only 1 from #13-17 is allowed.) Each is worth 25 points. You will present your project to the class on the due date. Unless otherwise noted, each document should be at least 270 words.

### EXAMPLES OF GENRES

- |                                |                                   |   |
