

THE SCARLET LETTER

DIGITAL SCRAPBOOK PROJECT

DIRECTIONS

Photograph objects that **represent** or **evoke** (bring to mind a memory, feeling, or image) elements of the novel. You are encouraged to take pictures on your phone, but make sure they are clear. You should be able to find ideas for pictures around your house or by taking a walk around your neighborhood.

- You cannot use found images from the internet or images that you have taken in the past.
- You must take new pics for this project.
- Do not overlap (e.g. Nature and Forest)
- **NO LETTER A's because that's too easy and too obvious.**

PRESENTATION

- You will present your digital scrapbook to the class.
- Put your pictures in a presentation such as PowerPoint or Google slides.
- Include a title page with your name, project name, and a cover photo (not one of your other photos)
- Place each image on a separate slide. Each slide should have a title and caption.
- Your captions should be 2-5 sentences each and written in complete sentences.
- Choose fonts, colors, layouts that make the text clear and legible for the class.
